

## AdvaPel®776-AC

---

### Section 1. Product and Company Identification

---

Product Name: **AdvaPel®776-AC**  
Chemical Name/Family: Perfluoroalkyl acrylic copolymer dispersion  
CAS No.: Proprietary  
Product Use: Textile Finishing  
Restrictions: For Industrial Use Only  
Company: Advanced Polymer, Inc.  
Address: 400 Paterson Plank Road Carlstadt, NJ 07072 U.S.A.  
Telephone: 201-933-0600  
Fax: 201-933-8442  
24 Hour Emergency Number 800-424-9300  
24 Hour Chemtrec Number 800-424-9300

---

### Section 2. Hazards Identification

---

#### GHS Classification:

Physical Hazards Not classified  
Health Hazards Not classified  
Environmental Hazards Not classified

#### GHS Label:

Symbol: **None**

Signal Word: **None**

#### Hazard Classification:

Hazard Statement: **None**

Precautionary Statement: **None**

#### Other Hazards:

No other information was found for any effects of exposure and no health evaluation is thus possible. Therefore handle with care and avoid unnecessary exposures. No known effects or other illnesses for this product.

---

### Section 3. Composition/Information on Ingredients

---

Ingredients	CAS No.	Percent
There are no components contained in this material at concentrations above 1% that are considered hazardous under 29CFR1910.1200.		

---

### Section 4. First Aid Measures

---

**Skin Contact:** Wash thoroughly with soap and water for 15 minutes. If skin irritation occurs, seek medical attention.

- Eye Contact:** Immediately flush eyes with plenty of water for at least 15 minutes. Seek medical attention if redness or irritation occurs.
- Inhalation:** Immediately remove to fresh air. If not breathing give artificial respiration. If breathing is difficult, give oxygen. Please note: Symptoms may be delayed; prompt medical attention may be required. Call a physician.
- Ingestion:** Do not induce vomiting. Immediately give 2 glasses of water. Do not give anything by mouth to an unconscious person. Call a physician.

---

## Section 5. Firefighting Measures

---

- Fire and Explosion Hazard:** Emits toxic fumes under fire conditions.
- Fire Extinguishing Media:** Water spray jet, dry powder, carbon dioxide and alcohol resistant foam
- Unsuitable Extinguishing Media:** No information available.
- Hazardous Combustion Products:** In case of fires, hazardous combustion gases are formed: carbon monoxide, carbon dioxide and nitrogen oxide
- Special Fire Fighting Information:** Use NIOSH/MSHA approved self-contained breathing apparatus and other proper protective equipment where this chemical is involved in a fire. Use water spray to cool containers.

---

## Section 6. Accidental Release Measures

---

- Personal Precautions:** Ensure adequate ventilation. Avoid breathing vapors and contact with skin, eyes and clothing.
- Protective Equipment:** Wear appropriate personal protective equipment.
- Environmental Precautions:** Do not allow to contaminate water sources or sewers.
- Methods and Materials for Containment and Cleaning up:** Soak up with sawdust, sand, oil dry or other absorbent material. Place in container.

---

## Section 7. Handling and Storage

---

- Handling Conditions:** Avoid circumstances which release respirable particles. Do not aerosolize or atomize. Hands should be washed thoroughly after handling. Suitable ventilation must be used during application. Shut off all gas pilot and electrical (spark or hot wire) igniters and other sources of ignition during use and until all vapors (odors) are gone.

AdvaPel®776-AC IS DESIGNED **SOLELY FOR INDUSTRIAL USE**. IT IS NOT SUITABLE FOR USE IN PRODUCTS INTENDED FOR AFTERMARKET OR CONSUMER APPLICATION.

With regard to the industrial application of these products, the following handling and usage practices must be observed:

### PRECAUTIONS FOR SPRAY APPLICATION:

AdvaPel products should be used only by trained personnel. **Do not under any circumstances aerosolize these products.** These products should only be dispensed by airless sprayers less than 50 psi with a particle size production of greater than 15 microns or a coarse spray device such as a trigger sprayer. Avoid breathing vapor or spray mist. Never use a paint sprayer to apply these products. Power paint sprayers generate very high pressures, aerosolize the product and create significant combustion hazards.

A respirator must be used when spraying these products and the products should only be used in areas with proper ventilation. Avoid contact with eyes or skin. Glasses or goggles, gloves and other protective clothing should always be worn when the product is used. Avoid contamination of tobacco products. Wash hands

thoroughly before smoking.

Use the proper equipment. This includes:

- Exhaust fan
- Low pressure airless sprayer (less than 50 psi)
- Respirator with organic vapor cartridge
- Glasses or goggles, gloves and protective clothing

Before you start spraying:

- Set up cross ventilation, open doors and windows, place a fan blowing out of a window or door to increase exhaust
- Remove all people and animals from the exposure area
- All personnel in the exposure area wear a proper fitting respirator with organic vapor cartridge
- Turn off air conditioning or heating units and remove all ignition sources
- Use low pressure airless sprayer (less than 50 psi)

When spraying solvent-based systems, solvent will continue to evaporate after the product has been applied, so you must do the following until the solvent vapor concentration is below 300 ppm (about 60 minutes):

- Continue cross ventilation
- Keep people and animals out of the spray area
- Continue to wear respirators in the spray area
- Do not expose the treated fabric to open flame or other ignition sources (such as, matches, or cigarette lighters)

After the product dries, only the soil and stain repellent is left behind on the treated substrate. It is safe, non-hazardous and hypoallergenic. The treated substrate will be dry to the touch after 30-60 minutes and is completely dried and ready for use within 24 hours.

**Storage Conditions:** Store in a tightly closed container. Store in a well-ventilated area. Store away from sources of heat, sparks, flammable materials, and direct sunlight. Protect from freezing. **Agitate contents of container before using.**

---

## Section 8. Exposure Control/Personal Protection

---

<b>Exposure Limits:</b>	Not established.
<b>Appropriate engineering controls:</b>	Local ventilation must be used during application. Use suitable ventilation to remove mists or vapors during spray or other applications.
<b>Personal protective equipment:</b>	
Respiratory Protection:	If airborne concentrations pose a health hazard, become irritating, or exceed recommended limits, use NIOSH approved respirator in accordance with OSHA respiratory protection requirement under 29CFR1910.134.
Hand Protection:	Wear protective gloves.
Eye Protection:	Wear safety glasses with side shields or goggles.
Skin and Body Protection:	Rubber apron, boots or coveralls as necessary to prevent skin contact.
Hygiene Measures:	An eyewash and safety shower should be nearby and ready for use. Wash hands thoroughly after handling.

---

## Section 9. Physical and Chemical Properties

---

<b>Physical State:</b>	Liquid
<b>Color:</b>	Milky white to yellowish
<b>Odor:</b>	Mild

<b>Odor Threshold:</b>	Not determined
<b>pH:</b>	~4.5
<b>Specific Gravity (77°F):</b>	1.05
<b>% Volatile by Weight:</b>	80
<b>% VOC:</b>	≤5 (According to Consumer Products US EPA LVP Exemption)
<b>Melting Point:</b>	Not determined
<b>Freezing Point:</b>	Not determined
<b>Boiling point:</b>	>212°F
<b>Flash Point:</b>	>212°F
<b>Evaporation Rate (BuAc=1):</b>	Not determined
<b>Flammability:</b>	Not determined
<b>Explosion Limits:</b>	Not determined
<b>Vapor Pressure (mmHg):</b>	Not determined
<b>Vapor Density (Air=1):</b>	Not determined
<b>Solubility:</b>	Soluble
<b>Partition Coefficient:</b>	Not determined
<b>Auto-ignition Temperature:</b>	Not determined
<b>Viscosity:</b>	Not determined
<b>Decomposition Temperature:</b>	Not determined

---

## Section 10. Stability and Reactivity

---

<b>Chemical Stability:</b>	Stable at normal condition
<b>Hazardous Polymerization:</b>	Will not occur
<b>Conditions to Avoid:</b>	None known.
<b>Incompatible Materials:</b>	Avoid contact with oxidizers
<b>Hazardous Decomposition Products:</b>	In case of fires, hazardous combustion gases are formed: carbon monoxide, carbon dioxide and nitrogen oxide.

---

## Section 11. Toxicological Information

---

### Primary Routes of Entry:

Eye:	Yes	Skin: Yes	Yes	Inhalation:	Yes	Ingestion:	Yes
------	-----	-----------	-----	-------------	-----	------------	-----

### Potential Health Effects:

Inhalation	May cause mild respiratory irritation
Ingestion:	May be harmful if swallowed
Skin:	May cause slight skin irritation
Eyes:	May cause mild eye irritation

### Signs and Symptoms of Exposures:

<b>Acute Toxicity:</b>	No information available
<b>Chronic Toxicity:</b>	No information available
<b>Respiratory or Skin Sensitization:</b>	No information available
<b>Mutagenicity:</b>	No information available
<b>Carcinogenicity:</b>	

IARC:	No	NTP:	No	OSHA:	No
-------	----	------	----	-------	----

---

## Section 12. Ecological Information

---

<b>Ecotoxicity (Aquatic and Terrestrial):</b>	No information available
<b>Bioaccumulative Potential</b>	No information available
<b>Mobility in Soil:</b>	No information available
<b>PBT and vPvB Assessment:</b>	No information available
<b>Other Adverse Effects:</b>	No information available

---

## Section 13. Disposal Considerations

---

<b>Product:</b>	Comply with Federal, State and Local regulations concerning health and environment when disposing of materials. DO NOT INCINERATE unless incinerator is capable of scrubbing hydrogen fluoride and other acidic combustion products.
<b>Disposing of Contaminated Packaging:</b>	Regulations may also apply to empty containers, liners, or rinsate.

---

## Section 14. Transport Information

---

<b>Land Transport (DOT):</b>	Not Restricted
UN Number:	N/A
UN Proper Shipping Name:	N/A
Transport Hazard Class:	N/A
Packing Group:	N/A
<b>Sea Transport (IMDG):</b>	Not Restricted
UN Number:	N/A
UN Proper Shipping Name:	N/A
Transport Hazard Class:	N/A
Packing Group:	N/A
<b>Air Transport (IATA):</b>	Not Restricted
UN Number:	N/A
UN Proper Shipping Name:	N/A
Transport Hazard Class:	N/A
Packing Group:	N/A
<b>Environmental Hazards (e.g., Marine pollutant):</b>	No information available

---

## Section 15. Regulatory Information

---

<b>International Inventories:</b>	
TSCA (USA):	Yes
DSL (Canada):	No information available
ENCS (Japan)	No information available
REACH (Europe):	No information available
IECSC (China):	No information available
KECL (Korea):	No information available
PICCS (Philippines):	No information available
AICS (Australia):	No information available

ERMA (New Zealand):	No information available
<b>Federal Regulations:</b>	
SARA 313:	None
SARA 311/312:	Not applicable
Clean Water Act:	Contains no known pollutants at concentrations greater than 0.1%
Clean Air Act, Section 112 HAPs (See 40CFR61):	No information available
<b>State Regulations:</b>	
Massachusetts Right to Know Components:	No information available
New Jersey Right to Know Components:	No information available
Pennsylvania Right to Know Components:	No information available
California Proposition 65:	None

**Section 16. Other Information**

<b>WHMIS Classification:</b>	No information available
<b>HMIS Rating:</b>	
Health Hazard	1
Flammability:	1
Physical Hazard:	0
Personal Protection Equipment:	X
<b>NFPA Rating</b>	
Health Hazard:	1
Fire Hazard:	1
Reactivity Hazard:	0

THE INFORMATION AND RECOMMENDATIONS HEREIN, ARE TO THE BEST OF OUR KNOWLEDGE, TRUE AND ACCURATE. NO WARRANTY, EXPRESS OR IMPLIED, IS MADE OR INTENDED.

TO THE CUSTOMERS OF ADVANCED POLYMER, INC.

All statements, technical information and recommendations contained herein are based on tests we believe to be reliable, but the accuracy or completeness thereof is not guaranteed, and the following is made in lieu of all warranties, express or implied:

Seller's and manufacturer's only obligation shall be to replace such quantity of the product proved to be defective. Neither seller nor manufacturer shall be liable for any injury, loss of damage, direct, or consequential arising out of the use of or the inability to use the product. Before using, user shall determine the suitability of the product for his intended use. The user assumes all risk and liability whatsoever in connection therewith.

No statement or recommendation contained herein shall have any force or effect unless in an agreement signed by officers of seller and manufacturer. Since the manufacturer of the product described in this technical data sheet has no means of controlling the final use of the product by the consumer for the user, it is the responsibility of the immediate purchaser and any intermediate seller or sellers to inform the user of the purposes for which the product may be fit and suitable and of the properties of the product, including the precautionary measures which must be taken in order to ensure the safety of the user and of other third persons and property.

No statement made herein shall be taken as an authorization or inducement to practice any patented invention without appropriate license.
