

ProvectuPel 721

Product Overview

ProvectuPel 721 is a fluorine free resin designed to impart superior soil release properties on apparel and home fabrics. ProvectuPel 721 effectively releases or removes stains caused by foods such as ketchup, yellow mustard, mayonnaise and corn oil; or industrial stains such as motor oil. ProvectuPel 721 is best suited for fabrics composed of cotton, especially bleached cotton.

Physical Properties

APPEARANCE:	Clear to hazy translucent liquid
SOLID CONTENT:	28%
PH:	4.0
SPECIFIC GRAVITY (@25C):	1.02

Applications

- Superior soil release on cotton fabrics.
- Allows for easy removal of oily stains during laundering.
- Outstanding resistance to soil redeposition.

Packaging

Available in 8 oz. samples sizes and 441 lb. drums.

Application Methods

ProvectuPel 721 was applied at varying concentrations (1.0-5.0% based on solids) and padded onto 100% Cotton and analyzed for soil release properties.

Pad bath pressure = 40-60 psi (approximately 60-70% wet pick-up)
Dry and Cure at 300-338F (149 - 170C) for 2-4 minutes

Handling and Storage:

Store in a tightly closed container in a well-ventilated area. It is important to agitate contents of container before using.
